Byron, Nov. 1st.

Morrice, Nov. 3d.

Whatever policy England advocates for the United States, it is safe for the United States to reject.

The great prosperity of this country under protection is a complete answer to all free trade arguments.

The world has never known the parallel of the prosperity of this country under the policy of protection.

Fusion is like two lizard each having hold of the other's tail and greedily to swallow each other.—Post and Tribune.

On Friday evening last, Hon. C. S. May spoke in favor of fusion, and then exhibited Begole. Both are renegade Republicans.

J. N. Dolph has been elected U. S. Senator from Oregon in place of Grover. Dolph is a Garfield Republican beating Mitchell, the stalwarts' candidate.

U. S. Senator Conger delivered a fine speech to an attentive audience Tuesday evening. Mr. Conger first showed what Michigan was when the Republicans assumed control and what it is to-day. The comparison did not please our Democratic friends very much. He challenged any Democrat in his hearing to show any corruption in the management of the state; but there was an ominous silence on the part of the many Democrats there. From Michigan he turned his attention to national affairs. He clearly demonstrated that free-trade would mean disaster to the farmers and laborers of this beautiful state. He showed that there could be no "steal" in a River and Harbor bill, and also that Michigan has more interest in such a bill than any other state in the Union. He convinced every farmer before him that, to increase the facility of transportation by water, would be to add several times that amount to the value of his crops.

English free trade has prostrated Ireland and is capable of doing the same for the United States.

Vote for John W. Dewey for your representative. He will do better his second term than his first.

The Detroit Free Press has called Begole a poltroon, and never taken it back, although it supports him.

If you wish to be represented in the next legislature by good men, vote for the Republican nominees.

Messrs. Finch, Peacock, Welch and McBride have well and faithfully served the county one term. Let them remain another.

Shiawassee county cannot do better than to elect Charles H. Hutchins and Frank H. Watson Circuit Court Commissioners. They are men of ability and worth.

Remember Ezra Mason when you go to the polls on the 7th of next month. He is a thoroughly competent man for the position of Surveyor.

Remember, that the Republican ticket is composed of as good men as there are in the county, and ought to receive every Republican vote; and if they receive every Republican vote, they will be elected by a rousing majority.

Republicans of Shiawassee county, do your duty when you go the polls and we will elect every man on the ticket; the prospects are very bright and by good, earnest, hard work we can roll up a big majority for every one of our nominees from Jerome to Sickles.

The Republican nominee for State Senator was in Owosso Sunday and part of Monday. Mr. Wood is a man of good ability, a faithful worker and has had experience in the legislature of Michigan. He is a man in every sense of the word fully competent to represent Livingston and Shiawassee counties. See to it that every vote is polled for him.

The Michigan crop reports show that as far as the wheat has been threshed, the crop in Shiawassee county averages 24.53 bushels—only two counties in the state leading us. In the production of oats to the acre Shiawassee takes the lead, producing an average of 41:38 bushels: the average for the rest of the state is 31.88 to the acre. The corn crop is estimated at an average yield of 69 bushels to the acre. There was marketed, during the month of September, 37,600 bushels of wheat in this county.

The Legislative Tickets.

The nominations for the Legislature are now made. Both sides have placed their men before the people. The Republicans have selected as their standard bearers those who are well known to the citizens of Shiawassee county as men of true worth and unquestioned reliability. They are all men of experience and integrity, well fitted in every way to represent the great and growing interests of this county. We have too much at stake to permit men of no experience and no influence to be sent to Lansing as our representatives. At Lansing we need men characterized by fidelity to principle, and not men whose motto is "principles-be-damned and whose only object is to secure the spoils of office. Legislation is not by any means a matter that can be trusted to men who have no principle and no honor.

Republicans of Shiawassee county, your nominees are men you have good reason to be proud of. They are all men pre-eminently qualified by native ability and culture to well represent you. By turning out on the 7th of next month, you can elect them by a rousing majority, and give fusion a merited rebuke. On this election depends the return of a Republican U. S. Senator to Washington.

Farmers of Shiawassee county, your great interests have been recognized by the Republicans in making their nominations. Serve your interest by voting for the Republican nominees.

Temperance men of Shiawassee county, if you desire to advance the cause of temperance, vote for men who made a record in favor of temperance. There is no doubt where the Republican nominees stand on this issue. If the legislature is Republican, the amendment will be submitted.

HARVEY, STATE STREET. CHICAGO.

Goods sent on approval. They want your trade; will do everything to please you and their large capital and thirty years' experience gives them advantages over stores of ordinary or even large size. No other house compares with

FOR STOVES!

—GO TO THE—
Great Stove House
—OF—
C. J. STUART,

Where you will find the largest Stock and the greatest variety of any Retail House in the State. Look at this list of

"JEWEL STOVES,"

First The

"JEWEL BLAZE,"

A new and very handsome low price Stove. The

"JEWEL COTTAGE,"

Improved for 1882, is the handsomest and largest Cottage Stove in the market. The

"JEWEL PARLOR,"

Has no equal, and for a handsome and economical Stove, we defy all competition. The

"JEWEL OAK,"

Is a new round Stove, made this year for the first, and for finish, good working qualities, and design, it stands at the head of all the round Stoves made; so pronounced by all Stove men; and for Coal Stoves The

"CROWN JEWEL,"

Is, as it always has been, the very handsomest Stove ever produced, and with the sales of former years, and the great success we have had with them, makes us feel as though we need say nothing for them, as everyone knows the Name "Crown Jewel," is a sufficient guarantee of the very best Coal Stove made; we also have a new Coal Stove by the name of

"JEWEL,"

Which is constructed on the principle of all other Coal Stoves, namely: Two Flues, and we guarantee it to work as well and as economical as any Stove aside from the "Crown Jewel," and is very much lower in price.

The above is only a few of our best Stoves, but we have many more that are very cheap in price. We also have a very full line of

COOKING STOVES.

Which we cordially invite all, whether in want of Stoves or not, to give us a call, and examine our Stoves and get prices.
